

**The year 2017 is coming to an end and with it the sale of discounted tickets for SUPERBOOTH18. Make sure to get your discounted tickets until 31 December 2017. The tickets are available on the official Superbooth website: [superbooth.com](http://superbooth.com).**

In just a little more than four months the third Superbooth will happen at FEZ-Berli - this time from May 3<sup>rd</sup> to May 5<sup>th</sup> - so the preparations are already in full swing. You can expect even more exhibitors and an expanded supporting program. Exhibitors, artists and guests have created this special welcoming and friendly atmosphere that makes Superbooth the incredible event it has been since the beginning. The organizers of SUPERBOOTH18 are constantly working on preserving this atmosphere while the event is growing.

The demand for exhibition space was significantly higher than the offering in 2017. For this reason, the area and the supporting program of the trade fair will be extended in 2018. The venue will be the FEZ-Berlin again. At the present stage, more than 80 % of the exhibitors from this year have already booked again for 2018. In addition, there will be many new and interesting exhibitors from different parts of the industry.

Everyone who did not attend or who wants to watch the Gesprächskonzerte or performances again should visit HerrSchneider's Vimeo channel. Some rare moments can be found there, for example Mr. Ken Macbeth performing with his band FucKeTyBucKetY. One of the most intense concerts a trade show has ever seen. One of the most watched videos so far is the incredible performance by Ströme who did a concert for Doepfer. You can find the videos here: <https://vimeo.com/schneidersbuero>

We wish you all the best for the year 2018.

**SchneidersLaden presents: SUPERBOOTH18**

May 03 – 05, 2018 / FEZ Berlin / Straße zum FEZ 2 / 12459 Berlin-Wuhlheide
